Introduction

As an international intergovernmental organisation created in 1949, and whose headquarters are located in Strasbourg (France), the **Council of Europe** has 46 member States: Albania, Andorra, Armenia, Austria, Azerbaijan, Belgium, Bosnia and Herzegovina, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Georgia, Germany, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Liechtenstein, Lithuania, Luxembourg, Malta, Republic of Moldova, Monaco, Montenegro, Netherlands, North Macedonia, Norway, Poland, Portugal, Romania, San Marino, Serbia, Slovakia, Slovenia, Spain, Sweden, Switzerland, Turkey, Ukraine and the United Kingdom. Its main objectives are to promote democracy, human rights and the rule of law, and to seek common solutions to the main problems facing European society today.

The **Council of Europe Landscape Convention** aims to promote landscape protection, management and planning and to organise international co-operation. It applies to the entire territory of the Parties and covers natural, rural, urban and peri-urban areas. It concerns landscapes that might be considered outstanding, as well as everyday or degraded landscapes. The Convention represents the first international treaty exclusively devoted to all the dimensions of the landscape, considered from a perspective of sustainable and harmonious development. To date, 40 States have ratified it: Andorra, Armenia, Azerbaijan, Belgium, Bosnia and Herzegovina, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Georgia, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Lithuania, Luxembourg, North Macedonia, Republic of Moldova, Montenegro, Netherlands, North Macedonia, Norway, Poland, Portugal, Romania, San Marino, Serbia, Slovak Republic, Slovenia, Spain, Sweden, Switzerland, Turkey, Ukraine and the United Kingdom. One further State has signed the Convention: Malta. The Council of Europe Landscape Convention was adopted by the Committee of Ministers of the Council of Europe on 19 July 2000 in Strasbourg and opened for signature by the member States of the Organisation in Florence (Italy) on 20 October 2000. The opening of the Convention to non-European States following the entry into force of its amending protocol on 1st July 2021 is an opportunity to reaffirm the universality of the landscape dimension of human rights and democracy.

Organised by the Council of Europe on a regular basis since 2002, the **Meetings for the implementation of the Council of Europe Landscape Convention** aim to present new concepts and achievements in favour of the implementation of the Convention. They thus represent a genuine forum for sharing practices and ideas. Special emphasis is given to the experiences of the State hosting the meeting.
